Communication Skills-TCS-Soft Skills Certification   Languages Known: English, Hindi, Odia, Punjabi

Personal-Projects

Social-media Website

Tech Used: react,node,mongoDb,express,AWS,Solidity

special features:

- *Traffic management using Aws.*
- *Transactions using Ethereum for shopping possible.*
- *video call implementation using Webrtc*
- *Real time chat feature using socket.io*

Javascript GAME

Tech Used: Javascript, CSS, Game physics &Frames techniques

special features:

- *Game physics and Frames techniques.*

http://github.com/parmishh/gamejs

Ethereum transferring web app

Tech Used: Solidity, Web3Js, react

special features:

- *Ethereum transfer and NFT minting.*

http://github.com/parmishh/web3-wallet

HACKATHONS-Projects:

D3(intra college): Winner

Made a webpage for code editing, sharing with real time chat feature and Video call feature

Tech used: MERN-stack,Webrtc,socket.io
Project Link: https://github.com/parmishh/platform

OpenV(inter college): Winner

Made a ML model for predicting diseases in Humans and plants and providing remedies with 93% accuracy

SOH(state-level): Finalist

Made a app for solving delay of insurance claim under PMFBY scheme using ML,GPS-tracking Blockchain

Project Link: http://github.com/parmishh/PMFBY
